

Wholesale Plus Handling for Natura Products

As a service to our patients who are ongoing users of large amounts of Natura products, we are offer an opportunity to save money by ordering in bulk. Since Natura does not allow patients to order from them directly, we must place and pay for the order at the time the order is placed. Our policy for this service is as follows:

1. For VIM special wholesale plus handling pricing, order must be a minimum of \$200 wholesale cost. This does not include the Virginia state tax or the handling charge.
2. Currently, there is no shipping fee for wholesale orders over \$200.
3. The order must be prepaid. Phone or faxed orders must be paid by credit card at the time of the order. Orders placed in the office or mailed in can be paid by check or credit card. Your order will not be processed until payment is received.
4. There is 5.3% Virginia state tax on the total (wholesale plus handling) cost.
5. Orders will be “drop shipped” to your home by regular UPS. Occasionally, special arrangements can be made to have it shipped to our office, but we cannot guarantee that this special service will be available at a given time.
6. **ALL DROPSHIP SALES ARE FINAL. NO RETURNS.**
7. Handling fee
 - a. The handling fee is 18% of total cost for payment by cash/check.
 - b. The handling fee is 23% of total cost for payment by credit-card.
 - c. This charge is based upon the wholesale cost.
